

Product Specification

Version:02

Date: May.29, 2008

Product description:

Product model No. SPK-800

Product Name: Bluetooth Stereo Speaker

Enjoy music and never miss calls. Without annoying wires, SPK-800 transfers high quality stereo music via Bluetooth technology from cellphone, iPod, MP3, MP4, Laptop and other music players. While you are enjoying music from mobile, your music will be paused and the SPK-800 will alert you that there is an incoming call. Answering calls and ending calls are easy with touch controls. Music will be continued automatically after calls.
